Project Design Phase-I
Proposed Solution Template

Date	24 September 2022
Team ID	PNT2022TMID21196
Project Name	News Tracker Application
Maximum Marks	2 Marks

Proposed Solution Template:

Project team shall fill the following information in the proposed solution template.

S.No.	Parameter	Description
1.	Problem Statement (Problem to be solved)	To develop an application that helps to track day-to-day news.
2.	Idea / Solution description	The main focus of this application is to connect news articles from all around the world and deliver it to users as fast as possible in the best visualized way.
3.	Novelty / Uniqueness	A customizable informative wallpaper which shows different news every time we switch on the phone
4.	Social Impact / Customer Satisfaction	This application helps each reader to understand the news on a daily basis in a way that's personally meaningful to them. It can help a reader understand their personal connection to a broad national phenomenon, and help them attach what they know to what they don't know, and thereby encourage a deep understanding of historical and current events.
5.	Business Model (Revenue Model)	A resource which is a special TV program which quickly summarizes everything including news of the daily happening events especially for the people with hectic schedules.
6.	Scalability of the Solution	The developer will have the privilege to extend the functionalities of the application even after the deployment of the application.
